RE: CC Docket No. 02-6
DA 05-1066, Released April 13, 2005

“Request for Review”

1. Dear Representative:

This is a **REQUEST FOR REVIEW** for:
Custer County School C-1 District,
Entity Number 142414,
Regarding a Funding Year 2004 (7/1/2004-6/30/2005) Funding
Commitment Decision.
Form 471 Application Number: 408862
The decision was: **Not to fund any of the FRNs.**

No. of Copies rec'd _____
CYL: KGE

The explanation was:

“The Form 471 application was signed and/or submitted prior to the expiration of the 28-day waiting period from the day of the posting of the Form 470 to the SLD Web Site. “28 Day Waiting Period Violated”.

2. Contact Information:

3. This letter is an **APPEAL** of the decision above, based upon the following appropriate reasons:
Transitions within our technology department took place last fall that were unexpected and very difficult. During this transition, Fred Read, the new technology coordinator, was given the very complicated process of sifting through “ERATE”, along with myself (Joy Butts). This transition took place at around the same time that all paperwork was due for Funding Year 6. With all the responsibilities of the new technology coordinator, plus trying to learn the complicated process of ERATE, the very important guideline of the “28-day waiting period” for the application 471 was very unclear. Had we known about the “28-day window”, we would have complied without question.
4. At issue are all of the FRN’s associated with Form 471 Application Number 408862. FRN’s are: 408862, 1120551, 1120552, 1120553, 408862.
5. This is the sixth year which Custer County School District has made application for funds to the SLD. In the previous years, we were either successful or are still in the act of working our way through a very complex and constantly changing process. Please know that we have not taken the process lightly and consider the funding an essential enhancement to our educational opportunities in a very poor rural community. To our school, this appeal is a huge, significant part of revenue to our budget. We would very much appreciate you considering our appeal and take into consideration all of the complex issues that pertained to our district last fall. The following are the reasons to approve our appeal:
First, we are aware and understand the importance of strict guidelines for ERATE. We have and are desperately trying to make sure that our district complies with every guideline for this funding year, past funding years, and for funding years to come. Because of the unforeseen and unfortunate circumstances that took place within our technology department last fall, we desperately were

striving to make sure that all areas of our technology department were running smoothly for educational purposes for our students (our utmost priority). In the process of keeping "kids first", we unfortunately were unaware of a very important guideline (the 28-day window) for our ERATE Form 471 application. We are diligently continuing to pursue excellence in our schools and all that pertains to our district, we would never intentionally oversee something of this magnitude. It simply was confusion on our part to the filing timeframe for the 28-day window.

Secondly, because our district is so small and has never been able to participate in a "bidding process", the 28-day window has never applied to our district. Even if we had waited 28 days, we still have only one vendor who could provide the services for us.

We do understand the SLD's need to complete its own requirements and can understand that guidelines need to be followed for accurate completeness. However, we would appreciate your consideration for our appeal. This school district serves a poor rural community and region, the type that the Universal Service Fund was set up to help support. An affirmative decision is vital to us. I welcome a call if you have further questions.

Sincerely,

Kathy Schickling

3. This letter is an **APPEAL** of the decision above, based upon the following appropriate reasons:

First, transitions within our technology department took place last fall that were somewhat unexpected and very difficult. During this transition, Fred Read, the new technology coordinator, was given the very complicated process of sifting through "ERATE", along with myself (Joy Butts). This transition took place at around the same time that all paperwork was due for Funding Year 4. With all of the responsibilities of the new technology coordinator, plus trying to learn the complicated process of ERATE, the very important guideline of the "28-day waiting period" for the application 471 was very unclear. Had we known about the "28-day window", we would have complied without question. The process of ERATE has been very overwhelming and sometimes more than we could understand at times, even with all the phone calls that have been made to the SLD. Because of this being new to us, we have tried very diligently to make sure that we were aware of each detail. We were unaware of this particular detail of the Form 471 process.

Secondly, because of the remote mountain area that our district is in, we are very limited to the service providers that are available to us. For the services that are provided (telecommunications and internet) we have one vendor for each service that is available, we have no choice in vendors. We are unable to bid out our services because of the limited vendors that are available to us in our area. We have had the same vendors for the same services through all the years that we have applied for ERATE. We have no other choice.

We understand the guidelines for the "28-day" period for bid purposes is very crucial and there needs to be a bidding process in place. For the other thousands of districts this would involve, we completely understand this very important guideline. But for our district, we have no bidding process. Had we known the very important guideline of the "28-day window", we would have complied without question.

Dear JOY BUTTS:

This letter is to notify you that the Schools and Libraries Division (SLD) has received your FCC Form 470, "Description of Services Requested and Certification Form," complete with your signed certification. This letter provides important information about program rules. Please read this letter carefully and retain it for your records and future reference.

The Form 470 Application Number listed above has been assigned by the SLD and will be used to track your Form 470. This number must be provided on each FCC Form 471, "Services Ordered and Certification Form," Block 5 Funding Request that cites this Form 470. Any applicant who relies on this Form 470 will need to know this Form 470 Application Number. You may wish to share this number with those schools and/or libraries featured in this application to assist them in their preparation of the Form 471.

The purpose of the Form 470 is to open a competitive bidding process for the services desired. The Form 470 applicant is responsible for ensuring an open, fair competitive process and selecting the most cost-effective provider of the desired services. The Form 470 must be completed by the entity that will negotiate with potential service providers. A service provider who will participate in the competitive bidding process as a bidder cannot complete it. Please be aware that if a service provider was involved in the preparation or certification of your Form 470, this involvement could taint the competitive bidding process and result in the denial of your funding requests.

If you believe that a service provider was improperly involved in the submission of this Form 470, you should cancel this Form 470 and submit a new one if you wish. To cancel a Form 470, contact the Client Service Bureau by e-mail at question@universalservice.org, by fax at 1-888-276-8736 or by phone at 1-888-203-8100 and follow the instructions they provide.

FCC rules require that requests for tariffed or month-to-month services and requests for new contractual services be posted on the SLD web site for a period of at least 28 days before selecting a vendor in order to provide for a competitive bidding process.

Decision on Appeal:	Denied in full
Explanation:	See comments

- On appeal you seek reversal of the SLD's decision to deny these funding requests for violating the 28-day waiting period. To support this appeal you state that the district is unable to bid out its services because of the limited vendors that are available in your area. You contend that you have no bidding process because there is only one vendor that can be used.
- Upon review of the appeal letter and its relevant documentation, it was determined by SLD that the funding request was correctly processed by Program Integrity Assurance (PIA). During application review you were contacted by PIA and informed that your Form 471 application was submitted prior to the expiration of the 28-day waiting period. You were asked to verify that the referenced Form 470 was the establishing Form 470 for your funding requests, or

Called Debbie @ 888-203-8100
#21-107341

to provide an alternative Form 470 that does not violate the competitive bidding requirement. Your response indicated that the cited Form 470 was correct. Using that information as the benchmark we find that Form 471 was signed on January 20, 2004, which was prior to the Allowable Contract Date (ACD) of February 2, 2004 on the posted Form 470. Consequently, the appeal is denied.

- You signed and/or submitted your Form 471 prior to the expiration of the 28-day posting period. FCC rules require that except under limited circumstances, all Forms 470 received be posted on the USAC web site for 28 days, and that applicants carefully consider all bids received before selecting a vendor, entering into an agreement or signing a contract, and signing and submitting a Form 471. 47 C.F.R. §§ 54.504, 54.511(a) and (c). FCC rules further require that the Administrator send the applicant a confirmation when the Form 470 has been posted and inform the applicant of the earliest date upon which they may sign a contract with the vendor if selected. 47 C.F.R. § 54.504(f) (4). These competitive bidding requirements help to ensure that applicants receive the lowest price discounts from vendors. See Federal State Joint Board on Universal Service, FCC Block No. 96-45, *Order of Reconsideration*, 12 FCC Rcd 10095, p. 10095 (FCC 97-245) 9 (Oct. 10, 1997).

If your appeal has been approved, but funding has been reduced or denied, you may appeal these decisions to either the SLD or the Federal Communications Commission (FCC). For appeals that have been denied in full, partially approved, dismissed, or cancelled, you may file an appeal with the FCC. You should refer to CC Docket No. 02-6 on the first page of your appeal to the FCC. Your appeal must be received, postmarked within 90 days of the date of initial letter. Failure to meet this requirement will result in an automatic dismissal of your appeal. If you are submitting your appeal via United States Postal Service, send to: FCC, Office of the Secretary, 445 12th Street, N.W., Washington, D.C. 20554. Further information and options for filing an appeal directly with the FCC can be found in the "Appeals Procedure" posted in the Reference Area of the SLD web site or by contacting the Client Service Bureau. We strongly recommend that you use the electronic filing options.

We thank you for your continued support, patience, and cooperation during the appeal process.
